Completed the Masai Speaking Marathon, a 26-day challenge involving continuous speaking, recording, and uploading, earning a full marathon completion certificate.

Muhammad Tauseef Raza

Frontend Developer(React)

Professional Summary

Innovative Frontend Developer equipped with strong React.js expertise and a deep understanding of JavaScript. Skilled in creating responsive, scalable web applications with cross-browser compatibility. Proficient in Generative AI and quick to adapt to new tech stacks to enhance development processes.

Projects

Nutrition Pro [Live Demo Link](#) [Github Repo Link](#)

React Tailwind CSS Node.js Express.js

MongoDB RESTful APIs

- Front-End Development: Built and styled the food list page and implemented the calorie calculator using React.
- Collaborated with a team of 3 to ensure smooth integration of front-end and back-end features.
- Focused on creating a user-friendly interface for seamless interaction across devices.
- Implemented a QR code generator to provide instant nutrition and food details.

Crime Portal [Live Demo Link](#) [Github Repo Link](#)

React Git HTML5 TailwindCSS RESTful APIs

- Designed and implemented responsive user interfaces from scratch using React, Tailwind CSS, and HTML.
- Developed reusable React components and applied utility-based styling for clean and efficient code.
- Integrated dynamic graphs and charts using Graph.js to visualize crime data trends effectively.
- Ensured cross-browser compatibility and responsive behavior across various devices and screen sizes.

UI Library [Live Demo Link](#) [Github Repo Link](#)

HTML5 CSS3 JavaScript Git

- Designed and implemented the landing page from scratch using HTML and CSS.
- Collaborated with the team to align the landing page design with the overall UI library's style.
- Applied best practices for clean and reusable code, adhering to design standards.
- Ensured cross-browser compatibility and responsive behavior of the landing page.
